When and how do I pay?

You pay the premium annually. You will receive an invitation to pay the annual premium from your insurer when the contract is renewed.

When does the cover start and end?

The start date and duration of the insurance are indicated in the policy schedule. The insurance begins at the time indicated in the policy schedule and ends on the main expiry date, i.e. one year later, unless terminated by one of the parties in the cases and under the conditions set out in the contract, at 00:00 hours.

The contract is concluded for a period of one year and is tacitly renewed for a period of one year with a maximum duration of 5 years (or when the bike is 6 years old).

You may cancel the insurance contract within 30 calendar days of receiving the policy, general terms and conditions and policy schedule without charge or penalty. Cancellation takes effect immediately after notification. If the insurance contract has already started, you will be required to pay the premium for the period started.

How do I cancel the contract?

- You can cancel the insurance contract in full on the annual due date. To do so, you must notify us in writing at least 2 months before the main expiry date by registered letter, by bailiff's writ or by handing in the letter of cancellation against receipt.
- You can cancel the insurance contract if we make changes to the rates or amend the general terms and conditions. In this case, we will apply the statutory provisions and applicable notice periods.
- You can also cancel the insurance contract after a claim. You have 1 (one) month from the date of payment or refusal to pay compensation. The insurance contract will then end 1 month after your registered letter has been sent in accordance with article R 113-10 of the Insurance Code.
- You can cancel your policy at any time without charge or penalty after one year from the date you first purchase the policy. Cancellation takes effect one working day after the insurance intermediary has received notification of cancellation by letter or any other durable medium. In this case, you are only required to pay the part of the premium corresponding to the period during which the risk was covered, this period being calculated from the effective date to the cancellation date.
- If the insured bike was stolen or destroyed without your fault. The insurance contract will be cancelled as soon as you notify us in writing that the bike has been irrevocably stolen or destroyed.
