C. My contract

1. What does your insurance contract consist of?

Your insurance contract consists of two parts:

- The general terms and conditions (this document), which describe the damages we will cover, those we will not cover and the reciprocal obligations of each parties;
- The *policy schedule* which you have accepted, which contain the terms and conditions that apply to you in particular. The provisions mentioned in the *policy schedule* take precedence over the general terms and conditions. You will receive this document when you take out the insurance contract and in the event of any changes and when the insurance contract is extended each year.

2. What is insured ?

- a. The *insured bike* as described in the *policy schedule* and meeting the following criteria:
 - The *bike* in its original condition, as delivered by the *manufacturer*. Any technical modifications made to the *bike* will result in the cancellation of the *insurance contract*;
 - The *bike* purchased new from the *manufacturer*, or second-hand;
 - The *bike* purchased by the insured or the first owner less than 5 years at the time of purchase of the insurance ; the date of the bike purchase is determined on the base of the invoice of the initial purchase.
- b. The *accessories*

All *original fixed accessories* and additional *accessories* that have been specifically added within the insured limit are covered for their purchase price (less applicable depreciation), provided they are firmly installed on the *bike*.

Portable bicycle-related accessories (e.g. bicycle computers and/or travel equipment), which are easily removed without the use of screwdrivers or other conventional tools, are excluded from coverage in the event of theft.

Fixed original accessories of the bike, as supplied by the reseller or manufacturer, are standardly included in the insurance and covered for a maximum value of €100, regardless the number of *accessories*.

Fixed original accessories whose value fully or partially exceeds this €100 and additional bike related *accessories* that are bought at the initial sale or even afterwards, can be included in the insurance by specifically adding their values within the insured limit. For *fixed original accessories* that are partially exceeding the maximum value of €100, only the remaining value needs to be included in the insured limit.

Good to know

Those two or three-wheelers cannot be insured:

- Speed pedelecs / speed bikes (bikes with an autonomous motor and a speed > 25 km/h);

3. When does your insurance contract start?

The insurance contract starts on the date mentioned in your *policy schedule*.

If the insurance contract is distributed by the *manufacturer* or the *reseller* of the *bike* and in the event that your *bike* was delivered earlier than the agreed start date stated in your *policy schedule*, the coverage will be applied with immediate effect on the delivery date.

The *main expiry date* of your contract remains the start date stated in your *policy schedule*.

4. What is the duration of this insurance contract?

The duration of this insurance contract is one year.

This 1-year term runs from the effective date of the guarantee, as mentioned in your *policy schedule*, until the main expiry date, also provided for in your *policy schedule*.

The insurance contract is tacitly renewed on the main expiry date. *We* will inform *you* of this at least two months before this expiry date.

Your *bike* can be insured for 5 years from the date of first purchase. If you bought your bike second hand, we can insure it for 5 years after the first owner bought it

As soon as your bike has been purchased more than 5 years ago, your insurance contract cannot be renewed and will therefore be terminated on the next *main expiry date*. *We* will inform you by registered letter two months before the cancellation.

You have the right to revoke this contract within 30 (calendar) days of its conclusion, without any costs or penalties.
