8. How can you (as the policyholder) change the insurance contract?

You can change your insurance contract (for instance your coordinates) at any time.

You can contact the insurance intermediary by telephone on + 49 800 000 97 29 or by sending an email to bike@qover.com.

Please take the following into account:
1. If your details on the policy schedule change, you must notify us of such immediately.
2. We assess changes in the same manner as when applying for a new insurance contract. The change could result in an increase or decrease in the premium.

As the insurance covers the policyholder domiciled in Germany, we reserve the right to terminate the insurance contract if your domicile is not anymore in Germany.

9. How is your insurance contract structured?

Your insurance contract consists of 2 parts:
1. The general terms and conditions (this document). These describe which damage is charged to us, which damage is excluded, and which are the mutual obligations of the parties.
2. The policy schedule are the terms and conditions that apply specifically to you. The policy schedule recorded shall take precedence over the general terms and conditions. You will receive this document at the time of conclusion, amendment, and annual renewal of the insurance contract.

10. What is the legal framework?

This insurance contract falls under the scope of the German Insurance Contract Act (Versicherungsvertragsgesetz (VVG) which applies to the insurance contract.

We present the legal provisions in a language that is as understandable as possible. If a statement in the insurance contract conflicts with the aforementioned legal provisions, the latter will apply.

11. When does your insurance contract start?

The insurance contract starts on the date and time included in your policy schedule.

The main expiry date of your insurance contract is based on the start date stated in your policy schedule.

12. What is the duration of this insurance contract?

The duration of this insurance contract is one year. The insurance contract is tacitly renewed, maximum four times, at the main expiry date. We will inform you about this 2 months before the main expiry date. You will find the main expiry date in your policy schedule.
We can insure the bike for up to 5 years from the first date. If you bought it second-hand, we will insure the bike up to 5 years from the date the first owner purchased it. After that, the insurance is renewed for periods of 1 year up to 4 more years. The insurance contract will end at the renewal date after 5 years insurance or when the bike turns 6 years old, whichever comes first. We will inform you by registered letter 2 months before the cancellation.

This insurance contract will also automatically terminate after settlement of a claim for theft or for irreparable material damage (total loss). In this case no premium reimbursement will be done as you have used your insurance contract.

13. When can the insurance contract be cancelled?

Below you will find an overview of when the insurance contract can be terminated.

A. When can you (the policyholder) cancel the insurance contract?

1. You can cancel the insurance contract two months before the main expiry date.

2. As from the second year of insurance you can cancel the insurance contract anytime for any reason. The cancellation will take effect the day after notification. If you choose to terminate the insurance contract, we will refund you the part of the premium already paid in proportion to the unexpired term of the policy.

3. If we change the rate or adjust the terms and conditions, you may terminate the insurance contract within six weeks of receipt of the notification of the adjustment, but not before the adjustment takes effect. We will inform you again of your right of termination in the adjustment notification.

4. You can cancel the insurance contract after a claim incident. You can do this at the latest 1 month after payment or upon the refusal to pay compensation. You can choose the cancellation period, but the contract ends at the latest at the end of the current insurance period in the event of cancellation. If you choose to terminate the insurance contract, we will refund you the part of the premium already paid in proportion to the unexpired term of the policy, provided no claim has been paid and there are no remaining claims outstanding.

5. You can also cancel the insurance contract if the insured bike has been stolen or destroyed beyond your control. The insurance contract ends when you notify us, in writing, that the bike has been irrevocably stolen or destroyed.

6. You can revoke the insurance contract within 14 calendar days after you have received the policy schedule, the general terms and conditions and the pre-contractual information. This is possible without having to provide any reason. The revocation will take effect immediately upon notification. You must send the withdrawal form that you have received by email to bike@qover.com. You will receive a full refund of all premium paid provided that no claim has been made prior to cancellation. In addition, you can revoke the insurance contract at any time during the period between the purchase date and the date you receive your policy schedule. In this case, you will receive a full refund of the paid premium.

REVOCAITION INSTRUCTION

Special notes
Your right of revocation expires if the contract is completely fulfilled by you and us at your express request before you have exercised your right of revocation.

END OF THE REVOCATION INSTRUCTION

B. When can we cancel the insurance contract?

1. We can cancel the insurance contract in whole or in part by the main expiry date. We will notify you, by registered letter, at least 2 months before the main expiry date on which the cancellation commences, by bailiff’s writ or by issuing the cancellation letter against a receipt.

2. We can terminate the insurance contract after the occurrence of an insured claim and at the latest 1 (one) month after the conclusion of negotiations on compensation. The termination will then take effect 1 (one) month after the notice of termination is received by you.

3. We can terminate the insurance contract if the premium is not paid. If you do not pay the premium, we will send you a reminder. If you still do not pay, we will notify you by registered letter in which we will inform you about the outstanding premium, the interests and costs and on the legal consequences. We grant you a final payment period of two weeks. If you do not pay within the period of two weeks, the insurance contract will be cancelled in accordance with Article 38 of the Insurance Contract Act. The termination becomes ineffective if you make the payment within one month of the deadline.

4. In specific situations, we have other termination options in accordance with the Insurance Contract Act.

14. What happens to the insurance contract if you (the policyholder) die?

The insurance contract is transferred to the entitled parties (the heirs).

Rightsholders can:

1. Keep the contract;

2. Cancel the contract within 1 month after the death. The insurance contract will then end 1 month after we have received the notification.

15. What happens to your insurance if you sell the insured bike that is linked to the insurance contract?

If you decide to sell your bike, you must notify us.

After all, you will be replaced by the purchaser.

You and the purchaser are jointly and severally liable for the premium payable for the insurance period in progress at the time of the purchaser’s entry into the contract.

The purchaser is entitled to terminate the contract with immediate effect or for the end of the current insurance period. The right of termination shall expire if it is not exercised within one month of acquisition, or, in the absence of knowledge on the part of the purchaser of the existence of the insurance, within one month of such knowledge. We have the right to terminate the contract within one month of knowledge of the sale with one month’s notice.

16. Can you have your insurance contract suspended?

1. If your bike is claimed, the insurance contract will be suspended only because the requesting government takes possession of the bike. You must notify us immediately.

2. If you no longer own the bike by your own will (for example, resale), you cannot have the insurance contract suspended due to the inseparable character or nature of the bike and this insurance contract. In this case, and if necessary, the insurance contract must be terminated. you can take out this insurance again when purchasing a new bike from the reseller.
17. Are the insured amounts and the premium adjusted automatically?

For this insurance, the insured amounts and the premium are not indexed.

18. How is your premium calculated?

The premium (the detail of the composition can be found in your policy schedule) depends on the insured value of the bike and the extent of your cover in accordance with the cover stated in your policy schedule.

Note that if you are going to compare different insurance contracts, you will not only be able to compare the costs and charges of the contracts, but you will also need to consider other elements such as the scope of cover, the amount of any excess or the exclusion clauses.

19. Where should your main residence be for this insurance?

You (the policyholder, as a natural or legal person) must be registered in Germany to be able to take out this insurance.

This insurance ends as soon as you are no longer registered in this country.

This insurance contract is not transferable subject to the aforementioned provisions in case of sale of the bike or in case of death of the policyholder.

In addition, theft of the battery with aggression or violence on the insured is covered, if the insured has removed the battery from the insured bike.

9. The costs or damage related to theft other than stated in the contract, and in particular, all costs not expressly mentioned;
10. The claims resulting from a natural disaster
11. The insured events in countries or regions that are engaged in a civil war or a foreign war, or where security is disrupted by riot, popular uprisings, strikes or other unforeseen events that prevent the execution of the policy.

D. Wear and tear

Damage due to wear & tear is covered for insured bikes that are younger than 3 years, where the exact bike age starts on the date of the first sale. The policyholder is entitled to compensation in case of:

- an excessively large power drop in the charging capacity of the battery that is permanently installed in the insured bike. The “state of health” of the battery is decisive, which is defined by the effective loading capacity at the time of the damage. A battery is underperforming when the effective loading capacity is permanently being undercut by 50%. The underperformance of the battery (in percentage) should be proven by the policyholder based on a report of the manufacturer, a snapshot from the e-bike app on the battery health or an official battery report from a professional bike shop. It is required to include the type of battery and its serial number.

- Damage to technical parts on the insured bike, including tyres, brakes and inner tubes, that make it no longer possible to safely drive or use the insured bicycle before reaching the usual technical service life.

Not insured:

1. The insurance cover does not extend to damages that still fall under the legal warranty that is provided by the manufacturer, or other warranty provisions from third parties;
2. Coverage does not apply until six months have elapsed since the insurance contract was taken out. After the replacement of the battery or other technical parts due to Wear & Tear, a new waiting period of six months begins for the replaced parts;
3. Damages intentionally caused by the insured person or his representative;
4. Damages from events that had already occurred at the start of insurance;
5. Damages that do not affect the use or functioning of the insured item(s), such as scratches or varnish damage;
6. Damage caused by rust, oxidation or material fatigue;
7. Damages for which a third party is contractually liable as a manufacturer, seller, from a repair order or other contractual relationship;
8. Damage to the carbon frame of the insured bike;
9. Damage and consequential damage as a result of manipulation of the drive system (e.g. tuning) or by improper installation or modifications, as well as improper repairs, cleaning or unusual non-manufacturer usage of the insured bike.
E. Additional Accessories

*Fixed original accessories* of the bike, as supplied by the *seller or manufacturer*, are standardly included in the insurance and covered for a maximum value of €100, regardless the number of accessories. *Fixed original accessories* whose value exceeds this €100 and additional bike related *Accessories* that are bought at the initial sale or even afterwards, can be included in the insurance by specifically adding their values within the insured limit. For *Fixed original accessories* that are partially exceeding the maximum value of €100, only the remaining value needs to be included.

All *fixed original accessories* and additional *accessories* that have been specifically included within the insured limit are covered for the original purchase price (minus applicable depreciation), for so far they are firmly installed on the *bike*. The applicable depreciation compensation table is mentioned on the policy schedule and in article 25.

*Portable bike related accessories* (e.g. bike computers and/or navigation equipment), which are easily removable without using screwdrivers or other regular tools, are excluded from coverage in case of *theft*.

For additional *accessories* which were not bought at the *first sale* of the *bike*, and are therefore not listed on the purchase invoice, it is required for the *policyholder* to provide a proof of purchase in the event of an occurring claim.

In the event of unintentional concealment or inadvertent incorrect communication of certain information regarding the risk upon the conclusion of the contract, in the event of a *claim*, if the company provides evidence that it would in no case have insured the risk, its intervention will be limited to reimbursement of the *premiums* paid.

4. If the *claim* was caused intentionally by the *policyholder*, the owner, the holder, the driver, or the persons transported or their family members.

5. If the *claim* is the result of one of the following gross negligence:
   a. Driving the *insured bike* in a state of criminal alcohol intoxication, insofar as the blood alcohol level of the person concerned exceeds the legally admitted maximum amount, without the use of alcohol being the sole cause of the condition or event;
   b. Driving the *insured bike* in a state of intoxication or in a similar condition resulting from the use of products other than alcoholic beverages, acute or chronic use of medicines or other substances not prescribed by a doctor and which change one's behaviour;
   c. Apparent poor maintenance or failure to replace essential parts.

6. If the *damage* occurs during all training activities or during a participation in a speed, regularity or agility ride or a competition of a professional rider. Purely tourist tours or exercise or rides or competitions as not-professional riders are not covered by this exclusion.

7. If the *claim* occurs due to bets or challenges.

8. If the *claim* arises from a strike, riot, or violent acts of collective inspiration (of more than 10 people) when the company proves that the *insured* participated in such.

9. If the *claim* arises from war, civil war, or similar facts.

10. If the *claim* is due to radioactive causes.

11. If the *insured bike* is claimed.

18. Any *damage* resulting from the use of a feature which allows *you* to increase the pedalling assistance beyond 25km/h

**Nor do we insure:**

1. *Accessories*, which values have not been specifically added within the insured limit, with the exception of *fixed original accessories* that are standardly included in the coverage for a maximum value of €100.

2. Portable bike related *accessories* (e.g. bike computers and/or navigation equipment), which are easily removable without using screwdrivers or other regular tools, are excluded from coverage in case of *theft*.

3. The wheels and tires if stolen separately. *We* do reimburse these if they are stolen together with the *insured bike*.

4. Damage caused, other than this, to the bike, such as your liability resulting from the use of the insured bike.

5. Aesthetic *damage*: such as scratches and bumps, chipping or rust are therefore not guaranteed.

25. **How do we compensate the damage to the insured bike?**

**In case of repair:**

If the *damage* to the *insured bike* is repairable and economically justified, *we* will pay for such repair in full, and *we* will transfer this amount to your bank account after deduction of the *excess*.

**In case of total loss:**

If the *damage* to the *bike* is not repairable or if the *insured bike* has been stolen in its entirety and has not been found within 14 days of reporting the *theft* to the Police, *we* offer the following:

- A compensation in the form of a voucher valid for use in the reseller's online store; or
- A monetary value equal to the damage amount of the insured *bike* after applying the excess and depreciation applicable.

By accepting compensation in the event of *theft*, *you* agree to transfer ownership of the stolen *bike* to the *insurer*. If the *insured bike* is found afterwards, it will remain the property of the *insurer*.

*We* consider an *Insured bike* where the repair cost is higher than the economic value as an economic total loss and *we* reimburse such in accordance with the provisions in this section.

No depreciation is applied to the compensation calculation during the first 36 months (3 years) of the bike. As from the 37th month, a depreciation is applied.
The minimum amount of compensation is set at 50% of the insured value. Any calendar month started is counted as a full month. The initial date to be taken into consideration is the date mentioned on the bike purchase invoice.

You will find below a table showing the compensation you will receive depending on when your bike is stolen or total loss.

### 26. What are the procedures for implementing the assistance?

1. **Transporting the bike**

   The transport costs that we bear must not exceed the economic value of the *bike* at the time of the call. If this value is exceeded, we will request sufficient proof for the transport of the *bike* for the surplus, the costs will be at your charge.

2. **Service provider**

   Within the limitations of local availability, you have the right to refuse the service provider sent by us (roadside assistance, *repairer*, etc.). The activities, repairs or services carried out by the service provider are realised with your approval and under your control. For the costs of the repair and the parts for which we do not intervene, it is recommended to request a quotation beforehand. Only the service provider is responsible for the services and repairs carried out.

3. **Luggage transport**

   This guarantee only applies to your *luggage* for which you cannot take care of due to the insured event.

   *We* waive any responsibility in the event of loss, *theft*, or *damage* to your *luggage* when it is left behind or when it is transported by *us*.

4. **Replacement Bike**

   This performance is guaranteed considering the local availability and the opening hours of the lessor.

   You will have to carry out the formalities for the receipt and return of the replacement *bike*. If necessary, we pay the transport costs to carry out these formalities.

   You must comply with the general terms and conditions of the lessor, such as the payment of a deposit, the possible fines, the rental costs outside the guaranteed period, the minimum period for renting a replacement *bike*, the price of the optional insurance and the amount of the *excess* for the *damage* caused to the replacement *bike*.

5. **Reimbursement of cost**

   When we authorize you to advance the guaranteed costs, these costs will be refunded, limited to the insured amounts upon presentation of the original supporting documents.
6. **Assistance on request**

If assistance is not guaranteed by the policy, we accept, under certain conditions, to provide our resources and expertise to assist you. All costs will be for your account.

7. **Legal obligations**

For the purposes of the warranty, you accept the obligations or limitations arising from our obligation to comply with the laws and regulations of the countries where we intervene.

8. **Debt recognition**

You undertake to reimburse us within one month for the services not covered by the insurance contract and which we have settled and paid to you in advance.

27. **What if there is disagreement about the extent of the damage and the amount?**

We will determine the amount of the damage together with you. In the event of disagreement about the amount, the insured and the insurer will each appoint an expert who will determine the damage amount. If no agreement is reached, both experts will jointly appoint a third expert and the final decision with regard to the damage amount will be taken by the latter.

The insured and the insurer both bear the costs and fees of its expert. The costs of a third party appointed expert shall be divided between both Parties.

The above complaints handling arrangements are without prejudice to your right to initiate legal proceedings.

28. **What is the excess amount in case of theft or material damage?**

Compensation for damage is always deducted from an excess applied to the purchase value of the bike and all insured accessories that are fixed to the bike, as stated on your invoice and the policy schedule.

- No Excess is applied in the event of theft and total loss.
- In case of repairable material damage, an Excess of €35 per claim will be applied.

29. **How is compensation paid in the event of bankruptcy of the manufacturer?**

In case of bankruptcy of the manufacturer, we will transfer the damage amount to your bank account after deduction of the excess.

30. **Subrogation**

We will act within your rights and claims against any liable third party up to the amount of our expenses.

We cannot exercise recourse against a person with whom you are living in the same household at the time of the occurrence of the claim, except for damages caused intentionally by this person.

31. **Prescription**

All claims arising from this insurance contract expire 3 (three) years at the close of the year in which the claim has arisen and the creditors become aware of the circumstances giving rise to the claim and of the debtor’s person or would have to become aware of them without gross negligence.

1. Adjustment of the premium;

4. Refusal of damage or application of the ratio between the premium paid and the premium that you normally should have paid.
We hereby act in accordance with the legal provisions.

If you do not pay within the period set therein, the insurance contract will be cancelled in accordance with Article 38 of the Insurance Contract Act. You must report the bike as stolen immediately after the theft in your mobile application, allowing the manufacturer to trace the bike from the time of the facts being traced.

   • You authorize the insurance intermediary and the insurer to receive this information.
